# ROLLINS ALUMNI RECORD

No. 1-2

JANUARY-FEBRUARY, 1961

VOL. XXXVIII

## VALUABLE RESIDENCE GIVEN TO ROLLINS COLLEGE

The Orlando residence which recently was given to Rollins College by Mr. and Mrs. Martin Andersen, owner and publisher of the Orlando Daily Newspapers, Incorporated. Located on Ivanhoe Boulevard, the residence, of exceptional beauty, is in Florida's dramatic Spanish style.

### REUNION PROGRAM ANNOUNCED

The program for the 1961 Charter Day Alumni Reunion, which will be held on Campus, April 28, 29, 30, appears on pages six and seven of this issue of the RECORD. Reservation blanks for events where they are necessary are included in the program.

This year classes with numerals ending in 1 and 6 will celebrate the anniversary of their graduation from Rollins. Special class reunions for these anniversary classes are being arranged by members living in the Central Florida area. All Rollins graduates and former students, however, are invited and urged to attend the Alumni celebrations held each April on the weekend nearest the twenty-eighth. This was the day, in 1885, when the State of Florida granted the College a charter for the first institution of higher learning in the state.

A treat is in store for returning Alumni in the matinee performance of "A Song For Rollins", a play with music celebrating the beginnings of Rollins. This play was especially written by Wilbur Dorsett of the English department. A special matinee Saturday afternoon will be free to Alumni.

Other outstanding events include the Gay 90's luncheon Saturday at the Parsonage, the All Alumni dinner Saturday night and the special luncheon Sunday for all Alumni who attended Rollins between 1900 and 1925.

A baseball game with the University of Tampa will be played on Harper-Shepherd Field, Saturday afternoon. A tennis match Friday afternoon is being arranged especially for Alumni participation (see program). All interested Alumni are urged to enter, just let Alumni House know. A softball game between Alumni and student teams is being planned for Saturday afternoon.

The Rollins Alumni Club of Central Florida will be hosts to all Alumni at

their annual Reunion dance at Dubs-dread Country Club, Friday night. All Alumni are invited and members of the Central Florida Club are urged to attend and assist in the entertainment.

The whole weekend is planned especially for ALL Alumni of Rollins College and the program arranged with the desire to make it enjoyable and interesting to everyone. Send your reservations for the different events as soon as possible and BE SURE TO COME.

### SCHOLARSHIP

An endowed scholarship of \$10,000, the income from which will be awarded an outstanding student, has been established at Rollins to honor the long service of Dr. A. J. Hanna. The anonymous donor wished Dr. Hanna to select the candidate for this honor award during his lifetime, according to President McKean who made the announcement.

President McKean said it is a deep satisfaction to him personally to have others share his admiration not only for Dr. Hanna's ability as a teacher and administrator but for his length of service to education and his marked modesty.

Dr. Hanna has worked closely with four Rollins presidents before he became first vice president in the present administration.

### 400TH B-A-Y MEMBERSHIP

Mabelle O'Neal '11 recently established the 400th Book-A-Year Club membership at Mills Memorial Library. It was in honor of her father the late William R. O'Neal. Mr. O'Neal honorary LL.D. was treasurer of the College for many years and a trustee for more than 50 years. This is the second B-A-Y memorial she has established in his honor.

A residence valued at between \$150,000 to \$175,000 has been given to Rollins College by Mr. and Mrs. Martin Andersen, owner and publisher of the Orlando Daily Newspapers, Inc. Located on Ivanhoe Blvd., in Orlando, the former Andersen residence of exceptional beauty is built in Florida's dramatic Spanish style.

Among its many features are a large reception room, a study paneled in rare tropical woods, a shooting gallery, tiles of ceramic and European stone, terraces and fountains. It is completely air-conditioned and fire-proofed. In its gardens are a large swimming pool and many tropical plants.

Pres. McKean said the gift "was one of the most important ever made to Rollins College."

The donation is "unrestricted and therefore the most considerate type of all." Pres. McKean commented that he hoped the trustees would put the building to an educational use. He further indicated that the residence may be used to house a Rollins graduate program in space exploration.

Rollins is already offering a graduate program in physics, he said, and a graduate program in space exploration would seem to be sensibly dramatic.

"The confidence that Martin and Gracia Andersen have shown in Rollins College," McKean commented, "makes us feel more strongly than ever our responsibility to the friends of the college and to all the people of Central Florida."

He said that the best way for Rollins to show its gratitude to those who built it is to bring distinction to itself and thereby satisfaction to them.

"If we can dedicate the Andersen estate to research and a graduate program in space exploration," the president said, "we can preserve its beauty, and bring vast distinction to Central Florida and to Rollins."

In discussing his donation to Rollins, Andersen said, "I have seen Rollins develop from a small Winter Park college to an institution of importance to Florida and the country. Mrs. Andersen and I are pleased to help Rollins in this way. Well-educated and self-disciplined young people are essential if we are to save any valuable part of our culture."

Commenting on the challenge of education, the president of Rollins said, "A college free of any outside control whatsoever should, can and must help find the answers to the special needs of the times."

"Man stares at the heavens with less frustration and awe," McKean stated. "We cannot even list sensibly the new questions which face us. Endless research must be done and young people must learn."

"It would be exciting beyond the imagination," the educator exclaimed, "if even the smallest part of the new truths we must uncover were disclosed in Orlando under the sponsorship of Rollins College."

## DISTINGUISHED MEN PARTICIPATE IN FOUNDERS WEEK

Allen Drury

Thomas H. Hamilton

Gordon Blackwell

Ordway Tead

Lt. Gen.  
Bernard A. Schriever

The commanding general of the USAF Ballistic Missile Division — Lt. Gen. Bernard A. Schriever—gave the Founders Week Convocation address at Rollins College.

Schriever, former deputy commander of the Ballistic Missile Research and Development Command, spoke on education and space science Feb. 27 in Knowles Memorial Chapel.

The convocation was one of the leading events of Rollins' Founders Week celebration of its Diamond Jubilee year.

The celebration brought to the campus four distinguished men who participated in the 34th edition of the Rollins' famed "Animated Magazine."

The magazine program, presented Feb. 26, and "edited" by Rollins President Hugh F. McKean, featured:

DR. ORDWAY TEAD, educator, publisher and author of *Character Building and Higher Education*, *College Teaching and College Learning* and numerous other books on the educational process.

DR. THOMAS H. HAMILTON, President of the State University of New York and author of *The Government of Colleges and Universities in Florida* as well as other works on education.

DR. GORDON W. BLACKWELL, Florida State University President and well-known author.

ALLEN DRURY, Pulitzer prize-winning journalist and veteran political correspondent. Drury is best known as author of the best-selling novel *Advise and Consent* and as co-author of the Broadway hit adapted from the book.

The group spoke on the general theme, "Education for the Coming Era."

Other Founders Week program events included a special Sunday Morning Chapel Service, book reviews, and musical, dramatic and sports events planned especially for the occasion.

### NEW PAINTINGS

Three original paintings by old masters have been added to the Myers collection at Rollins according to Loretta Renz, director of the Morse Gallery of Art. They are; "Arrival at the Harbor" by Jan Brueghel (1568-1625), "Franciscan Monk Holding a Crucifix" by Tieopl (1696-1770) and "Portrait of a Lady" by Franz Pourbus (1545-1581). These will be added to the Rollins Collection of Art which already includes 15 paintings given to the college by John C. Myers, Jr., '42 and his sister Marjorie. The Myers collection was exhibited last year in Alumni House during Founders Week.

**SCHEER WINS GRANT**—Ed Scheer '54 instructor in biology has been selected as one of ten college biology teachers in the U.S., who will participate in the National Science Foundation sponsored Academic Year Institute in Radiation Biology, during 1961-62. To be held at Cornell University, the institute will include courses in physical biology, biochemistry, applied radiation biology and general and cellular physiology. The ten participants were selected on a basis of professional competence and capacity for further development.

### DRAMA FESTIVAL

For the second successive year Rollins has been invited to participate in the Yale Drama Festival in New Haven, Conn. Rollins is one of six of the twelve schools which attended the event last year, and was selected from 41 applicants this year. "Private Lives of Master Race" by Berthold Brecht is the play which Rollins Players will present. Twenty Theatre Arts students will attend the festival.

**HONORARY CHARTERED** — The Phi Sigma Iota, a national romance language honorary society, has approved the Sigma Epsilon chapter at Rollins. Installation has been set for March 26, 1961.

### TUITION INCREASE

General tuition fees at Rollins will be increased next year, according to a recent decision by the Trustees of the College. General fee for boarding students will be raised from \$2,000 to \$2,235. The general fee for day students will be raised from \$900 to \$1,135. The raise is considered an absolute necessity if Rollins is to bring enough new faculty to the College to meet the demands of the curriculum and the advisory program. The tradition of giving remission to returning students where it works a hardship on the parents will be continued.

#### THE PARSONAGE

All returning Alumni are cordially invited to visit **THE PARSONAGE**, home of the founding president of Rollins College. This historically important building has been restored under the direction of Dr. A. J. Hanna assisted by Alumni and friends of Rollins. Many pieces of the original furniture and other pieces of the period have been used to recreate the atmosphere of 1885. The Parsonage will be open each day during Reunion weekend.

Members of the Central Florida Alumni Club "kicked off" the local Field House Campaign Monday night, February 20, with a basketball game between an Alumni team and the Campus intramural all stars in the Winter Park high school gymnasium. The game was a great success. Rollinsites past and present filled the gymnasium to help local Alumni start the ball rolling.

Dean Arthur D. Enyart, President McKean, Alumni and students took part in a half-time program outlining the needs for the Field House and urging full support to the efforts of Rollins Alumni to provide this much needed facility on Campus.

The Alumni team won the game in a breath-taking finish with 15 seconds to go and the score tied. Bob MacHardy '55 wrestled the ball from the all stars and made the final and winning goal as the game ended. The score—45-43.

Ann Todd Johns '57 was in charge of the Alumni cheering section and was assisted by Judy Hall Turley '55, Yvonne Oliver Milligan '55, Nick Johns '57 and Scott Witherell '51, cheerleaders. Frank Ferguson '58 was in charge of the refreshment stand.

Scott Witherell is chairman of the Field House campaign in Central Florida and an active solicitation campaign will be carried to the more than 1,200 Alumni living in the area.

**COUNSELORS MEET** — More than 100 counselors, representing 12 southern colleges and universities, high schools and independent schools attended a two day conference at Rollins February 10 and 11. John O. Rich, Dean of Admissions, was host and chairman of the conference.
